Rajshahi, Bangladesh

PROFESSIONAL SUMMARY

Flutter Developer with 2.5+ years of experience building fast, scalable cross-platform mobile applications for Android and iOS. Delivered 10+ mobile solutions and led engineering teams in building real-time VoIP, live streaming, offline-first, and IoT applications. Proficient in Dart, Flutter, state management (Provider, GetX, Riverpod, BLoC), Firebase, Appwrite, and REST APIs. Skilled in team leadership, system design, and performance optimization.

TECHNICAL SKILLS

- Languages:** Dart, JavaScript, Python, Java
- Mobile & Web:** Flutter (iOS & Android), React, Native Method Channels, Async Programming
- State Management & Architecture:** BLoC, Provider, Riverpod, GetX, Clean Architecture, MVVM
- Backend & Databases:** Firebase (Auth, Firestore, FCM), Appwrite, RESTful APIs, Node.js, Isar DB, SQLite
- Tools & Testing:** Git, GitHub Actions, Postman, Jira, Figma, Unit & Widget Testing, Agile/Scrum
- Soft Skills & Leadership:** Project Management, Team Leadership, Problem Solving, Cross-Functional Collaboration, Communication

WORK EXPERIENCE

Codex IT Service Ltd Lead Flutter Developer

New Delhi, India (Remote)
Jul 2026 - Present

- Led a team of 4+ mobile engineers in architecting real-time VoIP calling, live streaming, and instant chat platforms (CallsChat).
- Spearheaded WebRTC and socket audio/video pipeline integration, reducing streaming latency by 40% and boosting call stability.
- Enforced Clean Architecture and code review standards, maintaining 99.9% app uptime and 60fps UI rendering.

NexCode Studio Software Engineer (On-site)

Rajshahi, Bangladesh
Dec 2024 - Feb 2026

- Architected and delivered 5+ end-to-end mobile applications (doctor appointment, POS, management systems) with 100% on-time completion.
- Spearheaded client communications and PRD preparation, accelerating project onboarding efficiency by 30%.
- Implemented robust architecture patterns and optimized state management, boosting app response speeds by 25%.

Globe ERP Junior Flutter Developer (On-site)

Rajshahi, Bangladesh
Oct 2023 - Sep 2024

- Engineered a cross-platform ride-sharing mobile app for 1,000+ active users featuring real-time driver tracking and Google Maps integration.
- Developed enterprise Mobile ERP modules (HR, inventory, finance), reducing backend API payload parsing overhead by 35%.
- Collaborated with backend engineers to streamline RESTful endpoints, achieving seamless 100% offline/online data synchronization.

KEY PROJECTS

Dozora – Better Sleep & Relaxation Mobile App – Flutter, Audio Pipelines, Custom Timers

Play Store Live

- Published a wellness & relaxation app on Google Play Store featuring curated ambient audio streams, custom sleep timers, and gentle wake-up alarms.
- Engineered a battery-optimized, distraction-free Flutter UI with mood-based audio categorization and seamless background playback.

DropLine – FTP & HTTP File Server App – Flutter, Method Channels, Native Android API

CodeCanyon Product

- Published as a commercial product on CodeCanyon with 3+ licenses sold for high-speed local Wi-Fi & FTP/HTTP file management.
- Utilized Method Channels to bridge native Android file APIs, enabling low-level system interactions and 50MB/s file transfer speeds.

Vertical Farming IoT Mobile App – Flutter, IoT, Bluetooth, REST APIs, AI

GitHub Repository

- Developed an IoT-enabled mobile app monitoring real-time sensors via Bluetooth/HTTP and classifying crop health with 95% AI accuracy.
- Integrated automated environmental control triggers for hydroponic nutrition and ambient temperature management.

EDUCATION

Varendra University (VU) B.Sc. in Computer Science & Engineering

Rajshahi, Bangladesh
Jun 2022 - Jun 2026

- Specialization:** Software Engineering and Mobile Application Development
- Thesis Project:** Hydroponic System, Plant Disease Detection & Classification using IoT & Machine Learning

CERTIFICATIONS & KEY ACHIEVEMENTS

- Civic Tech Innovation Expo 2026:** Finalist, Awarded BDT 150,000 Seed Funding by UNDP Bangladesh & CnnovateHub.
- UIHP 50k Grant & Showcase Winner:** Awarded BDT 50,000 UIHP Grant | 1st Place & Runner-Up in CSE Showcase (VU).
- Postman API Student Expert:** Certified API Fundamentals Expert | **Intro to Generative AI & Blockchain Basics.**
- App Development with Flutter:** Ostad (2023) | **Diploma in Graphic Design:** Creative IT Institute (2020 - 2021).
