EXECUTIVE PROFILE

Driven and detail-focused Mobile App Developer with 2.7+ years of hands-on experience in building cross-platform applications using Flutter, Dart, and modern software development practices. Skilled in delivering scalable, user-friendly, and production-ready apps across business, service, financial, and IoT domains. Strong command over REST API integration, real-time calling/tracking features, clean architecture, and firmware-level IoT device integration. Experienced in project management, client acquisition, PRD preparation, and end-to-end software lifecycles.

TECHNICAL SKILLS & CORE COMPETENCIES

- **Programming Languages:** Dart, JavaScript, Python, Java, Kotlin, C++
- **Mobile Development:** Flutter (iOS & Android), Native Method Channels, Asynchronous Programming, Audio Pipelines, WebRTC
- **State Management:** BLoC, Provider, Riverpod, GetX
- **Software Architecture:** Clean Architecture, MVVM, Layered Architecture, System Design, Firmware-Level Device Integration
- **Backend & Databases:** Firebase (Auth, Firestore, FCM), Appwrite, RESTful APIs, Node.js, Go (Golang), Isar Local DB, SQLite
- **Tools & DevOps:** Git, GitHub Actions (CI/CD), Postman, Jira, Figma, Android Studio, VS Code
- **Testing & Quality:** Flutter Unit & Widget Testing, Code Review Standards, 60fps UI Performance Optimization
- **Professional & Soft Skills:** Software Project Management, Team Leadership, PRD Preparation, Client Acquisition & Sales, IT Support

PROFESSIONAL EXPERIENCE

Codex IT Service New Delhi, India (Remote)
Project Manager / Lead Developer Jul 2026 – Present

- Led a team of 4+ mobile engineers in architecting and delivering real-time VoIP calling, live streaming, and instant chat platforms (CallsChat).
- Spearheaded end-to-end technical requirement gathering, system architecture design, and low-latency WebRTC and socket-based audio/video pipelines, reducing streaming latency by 40%.
- Enforced Clean Architecture guidelines, code review standards, and sprint workflows, maintaining 99.9% application availability.

NexCode Studio Rajshahi, Bangladesh
Software Engineer / Team Lead (On-site) Dec 2024 – Feb 2026

- Architected and delivered 5+ cross-platform mobile solutions, including doctor appointment systems, POS solutions, and management platforms.
- Managed client relationships, requirement gathering, PRD preparation, IT support, and full project delivery cycles from acquisition to deployment.
- Optimized state management and UI rendering pipelines, resulting in smooth 60fps performance and a 25% boost in app response speed.

Globe ERP Rajshahi, Bangladesh
Junior Flutter Developer (On-site) Oct 2023 – Nov 2024

- Lead developer for a complete cross-platform ride-sharing app for 1,000+ active users featuring driver/rider panels, real-time driver tracking, Google Maps API integration, route updates, and trip management.
- Developed core mobile modules for an enterprise ERP suite (HR, Inventory, Finance) with seamless offline-to-online data synchronization.

Freelancer.com Remote
Freelance Software Developer Mar 2020 – Mar 2023

- Developed custom Android and mobile applications for international clients, ensuring high-quality software delivery and post-launch maintenance.

FEATURED PROJECTS & COMMERCIAL PRODUCTS

Dozora – Better Sleep & Relaxation Mobile App – Flutter, Audio Pipelines, Custom Timers Play Store Live

- Published a wellness & sleep sound application on Google Play Store featuring curated ambient audio streams, custom sleep timers, and gentle wake-up alarms.
- Engineered a battery-optimized, distraction-free Flutter interface with mood-based audio categorization and seamless background playback.

DropLine – Local Wi-Fi & FTP/HTTP File Server App – Flutter, Method Channels, Native Android API Web Landing Page

- Published as a commercial product on CodeCanyon (3+ licenses) and web landing page (dropLine.netlify.app) for internet-free local Wi-Fi & FTP/HTTP file sharing.
- Utilized Flutter Method Channels to bridge native Android file APIs, enabling low-level system interactions and achieving 50MB/s transfer speeds.

Pocket Pro – Financial Assistant Mobile & Web App – Flutter, Web, State Management, APIs

Uptodown Download

- Developed a comprehensive financial assistant ecosystem consisting of a versatile Flutter mobile app (Android & iOS) and a modern web application.

Vertical Farming IoT Mobile App – Flutter, IoT, Bluetooth, REST APIs, AI

GitHub Repository

- Developed an IoT-integrated mobile app connecting with physical sensors via Bluetooth/HTTP to monitor water nutrition and environmental metrics in real-time.
- Integrated AI-driven plant disease classification models to detect crop health anomalies with 95% accuracy and trigger automated treatment protocols.

EDUCATION & ACADEMIC BACKGROUND

Varendra University (VU)*Bachelor of Science (BSc) in Computer Science & Engineering*

Rajshahi, Bangladesh

2022 – 2026

- **Academic Standing:** First Class / Division (Major in Software Engineering)
- **Thesis Project:** Hydroponic System, Plant Disease Detection & Classification using IoT & Machine Learning

Creative IT Institute*Professional Diploma in Graphic Design & Motion Graphics*

Dhaka, Bangladesh

2020 – 2021

- Specialized in UI/UX Design, Visual Assets Creation, Motion Graphics, and Multimedia Technologies.

CERTIFICATIONS & PROFESSIONAL QUALIFICATIONS

- **Flutter App Development:** Ostad Limited Professional Certification (Feb 2023 – Sep 2023).
- **Postman API Fundamentals Student Expert:** Certified API Testing, Integration & Documentation Expert.
- **Diploma in Graphics & Motion:** Creative IT Institute (Jan 2020 – Feb 2021).
- **Learn Flutter GetX & Complete Flutter Guide:** Professional Certifications – Udemy (2024 – 2025).

HONORS, AWARDS & ACHIEVEMENTS

- **NASA Space Apps Challenge Global Nominee:** Nominated globally for developing a practical technology-focused problem-solving solution.
- **Civic Tech Innovation Expo 2026 Finalist:** Awarded BDT 150,000 Seed Funding by UNDP Bangladesh & CInnovateHub.
- **University Innovation Hub Program (UIHP) Grant:** Awarded BDT 50,000 innovation project funding (Feb 2025).
- **Software Project Showcase Winner & Runner-Up:** Awarded 1st Place (Winner) & Runner-Up in CSE Software Showcase at Varendra University.

PERSONAL INFORMATION & LANGUAGES

- **Father's Name:** Md Rezaul Haque
- **Mother's Name:** Rojina Begum
- **Date of Birth:** December 28, 2001
- **Gender / Religion:** Male / Islam
- **Marital Status:** Married
- **Nationality:** Bangladeshi
- **Blood Group:** B+
- **Present Address:** 336, Ghuramara, Rajshahi Sadar, Rajshahi 6100
- **Language Proficiency:**
 - **Bangla:** Native (Reading, Writing, Speaking)
 - **English:** Professional (High Reading/Writing, Speaking)
 - **Hindi:** Conversational (High Speaking, Medium Writing)
